Equipped and Trained to Serve You

To the Trade

Permit us again to use this medium — OUR CATALOGUE — of coming into your consideration of plant needs for this fall and spring seasons. We invite your careful consideration of our prices as listed and to see by visit the wonderful quality of our plants.

Quantities in most varieties are somewhat limited — especially in grafted Ligustrum, Pecans, Palms and a few of the more popular group. We urge you to order quickly.

Prices have been increased on many items this year to off-set the ever-increasing labor, taxes, insurance and material costs. All of these contribute to the cost of production. We are allowing a 5% discount for cash on all orders prior to or at time of delivery. Ask us about our attractive price in handling truck-orders by our units.

We sincerely solicit any of your inquiries this fall with assurance of good quality merchandise and service, we are

SOUTHERN STATES NURSERIES, INC.

Terms and Conditions

TERMS: We offer usual terms to those of known responsibility. Where the purchaser's credit responsibility is unknown to us, cash is required before shipping, or references must be furnished with proper time for investigation. On all C. O. D. shipments one-fourth cash must accompany your order.

PRICES: All prices listed are F. O. B. our nursery. Packing at cost. We will accept order 5 at the 10 rate, 50 at the 100 rate, 500 at the 1000 rate. Prices listed herein are subject to change without notice, and are made for immediate acceptance. On reserve orders we require a twenty-five per cent deposit.

SHIPPING: Customers are requested to give definite instructions. We ship by Rail, Freight, Motor Freight, Express and Boat lines.

CLAIMS: All claims must be made immediately upon receipt of stock. While we use every means of prompt service, we will not be responsible for delays in transit. Our responsibility ceases upon delivery in good condition to the transportation company.

SUBSTITUTIONS: We never make substitutions on orders unless instructed by the purchaser.

GUARANTEE: We guarantee our stock to be well grown, true to name, properly packed and shipped according to instructions. In no case shall our liability be more than the original invoice.

CAUTION: We accept all orders subject to crop conditions and on condition that same be void if such occurs beyond our control. If you do not find the stock you desire listed, write us and we will get it for you. Many times our quantities will not permit us to list items.

CAMELLIA SASANQUAS

ANNETTE—Two-tone pink and white variegated. Dense growth, flower petals have crepe-paper like formation.

BUTTERFLY—Flowers large single pink. Wonderful foliage and grower.

CLEOPATRA—Large, beautiful cherry-red flowers and crinkled petals. Foliage glossy and dark green. Vigorous grower yet compact.

MINE-O-YUKI—(Snow on the Mountain) Large, double white flowers resembling a carnation. A profuse bloomer and open growth.

ROSEA—A graceful and upright variety. Dark green foliage with brilliant pink flowers.

SETSUGEKKA—(A great variety of beauty and merit) Large, almost single white flowers with just a touch of pink on petals' ends. Very erect, dark green foliage.

Heavy Sasanquas

ROSES

All of our roses are budded on Multiflora Japonica root-stock, thrifty and real heavy for number one bushes. All varieties are old Fashion ones, adapted for the entire Southland.

We use two methods of propagating the Louis Phillippe variety — one for bare-root plants and one for balled plants. Please note prices on both.

LADY HILLINGDON—(Apricot-yellow) Vigorous growth, oblong pointed buds and a profuse bloomer.

LOUIS PHILLIPPE—The South's favorite. Ornamental and blooms early every month in year. Red throughout, fading to dark red in fall. A good grower and bloomer.

CLIMBING LOUIS PHILLIPPE—Same as above except a climbing sport. Introduced by us about six years ago.

CLIMBING MARECHAL NEIL—An old favorite. Yellow, very fragrant and sturdy grower.

CLIMBING PAUL'S SCARLET—Brilliant scarlet, semi-double flowers in large, heavy clusters. A great favorite for fence and trellis design.

PINK MAMON COCHET—Clear pink with long-pointed buds. A good grower and very good for cut flowers.

CLIMBING R. M. HENRIETTA—Deep pink and very good grower. A profusion of cluster blooms.

LIGUSTRUM

For many years — our specialty. Grafted Ligustrum excels in quality rooted plants since the foliage is more glossy green, irregular in shape, and resistant to nematodes (root-knot).

We prune frequently our Ligustrum resulting in low compact plants which gives added effect in landscape design.

We introduced the Ligustrum Erecta and Fraserii recently and both have proven to be quite popular. Testimonials indicate that both these varieties have a place in landscape architecture.

**HOLLIES**

Our Hollies are grafted, scions taken from well-fruited specimens. Properly pruned with foliage lying close to ground or either tree shape. By grafting, we produce berries the first year and obtain much nicer foliage. All are young and thrifty, thus enabling us to transplant easily. Large quantities of container and field grown trees in varieties listed below:

ILEX EAST PALATKA (A beautiful Holly with but few horns and very glossy foliage. Profusion of berries ripening around November 1st. Large

and brilliant red berries. Very good for sheared specimens)

Wire Balling

We strongly recommend the use of wire-balls on all larger size shade trees and ornamentals. This has proven to be a safeguard in the transplanting of large trees and shrubs without losing them. By wiring, we can enlarge the regular size ball that is firm.

Double Palm Tree

Prices on wire-balling:

30-inch ball	6.00
36-inch ball	7.50
48-inch ball	10.00

Spraying

Produces Plant Beauty and Quality

A contributing factor in the making of the quality in our plant material is attributed to this new FOG machine. We have discovered through costly experiments that regular spraying produces quality in plants as well as the freeing of disease and insects. From certain kinds of spray material we have found them to be very vitalizing and at the same time conquerors of destructive scales and diseases.
